

Eileen Browne's choice

Female & BAME characters - picture books (work in progress) Spring 2021

After discovering that only one in three picture or baby books in the UK (and USA) has a female lead (one in five with animal characters) and that BAME children are under-represented, I began compiling this list.

The books are 'a good read' for all boys & girls, with either female protagonists, equal numbers of females & males or no gendered characters.

If children see gender and racial equality in their media from birth onwards, there's an excellent chance they'll grow into adults who see equality as normal.

All titles are **paperback fiction**, unless otherwise stated.

Books published in the last four years have the date in **bold**.

* Added since **Winter 2020/21**

If titles are out of print, they can often be found in libraries or on line.

BAME (Black, Asian & Minority Ethnic) titles are highlighted.
