

**Female & BAME characters - picture books** (work in progress)

After discovering that female characters are outnumbered 2:1 by males in picture and baby books (UK & USA) and that BAME children are under-represented, I began compiling this list.

**The books are 'a good read' for all boys & girls, with either female protagonists, equal numbers of females & males or no gendered characters.**

If children see gender and racial equality in their media from birth onwards, there's an excellent chance they'll grow into adults who see equality as normal.

All titles are **paperback fiction**, unless otherwise stated.

Books published in the last four years have the date in **bold**.

**BAME (Black, Asian & Minority Ethnic) titles are highlighted.**

If titles are out of print, they can often be found in libraries or on line.

\* Added since **Spring 2021**
