

Female & BAME characters - picture books (work in progress)

After discovering that female characters are outnumbered 2:1 by males in picture and baby books (UK & USA) and that BAME children are under-represented, I began compiling this list.

The books are 'a good read' for all boys & girls, with either female protagonists, equal numbers of females & males or no gendered characters.

If children see gender and racial equality in their media from birth onwards, there's an excellent chance they'll grow into adults who see equality as normal.

All titles are **paperback fiction**, unless otherwise stated.

Books published in the last four years have the date in **bold**.

BAME (Black, Asian & Minority Ethnic) titles are highlighted.

If titles are out of print, they can often be found in libraries or on line.

* Added since **Summer 2021**
